**UX Design Storyboard** <u>BIG PICTURE</u>

Scenario: an app that allows users to see item availability and place bakery orders ahead of time

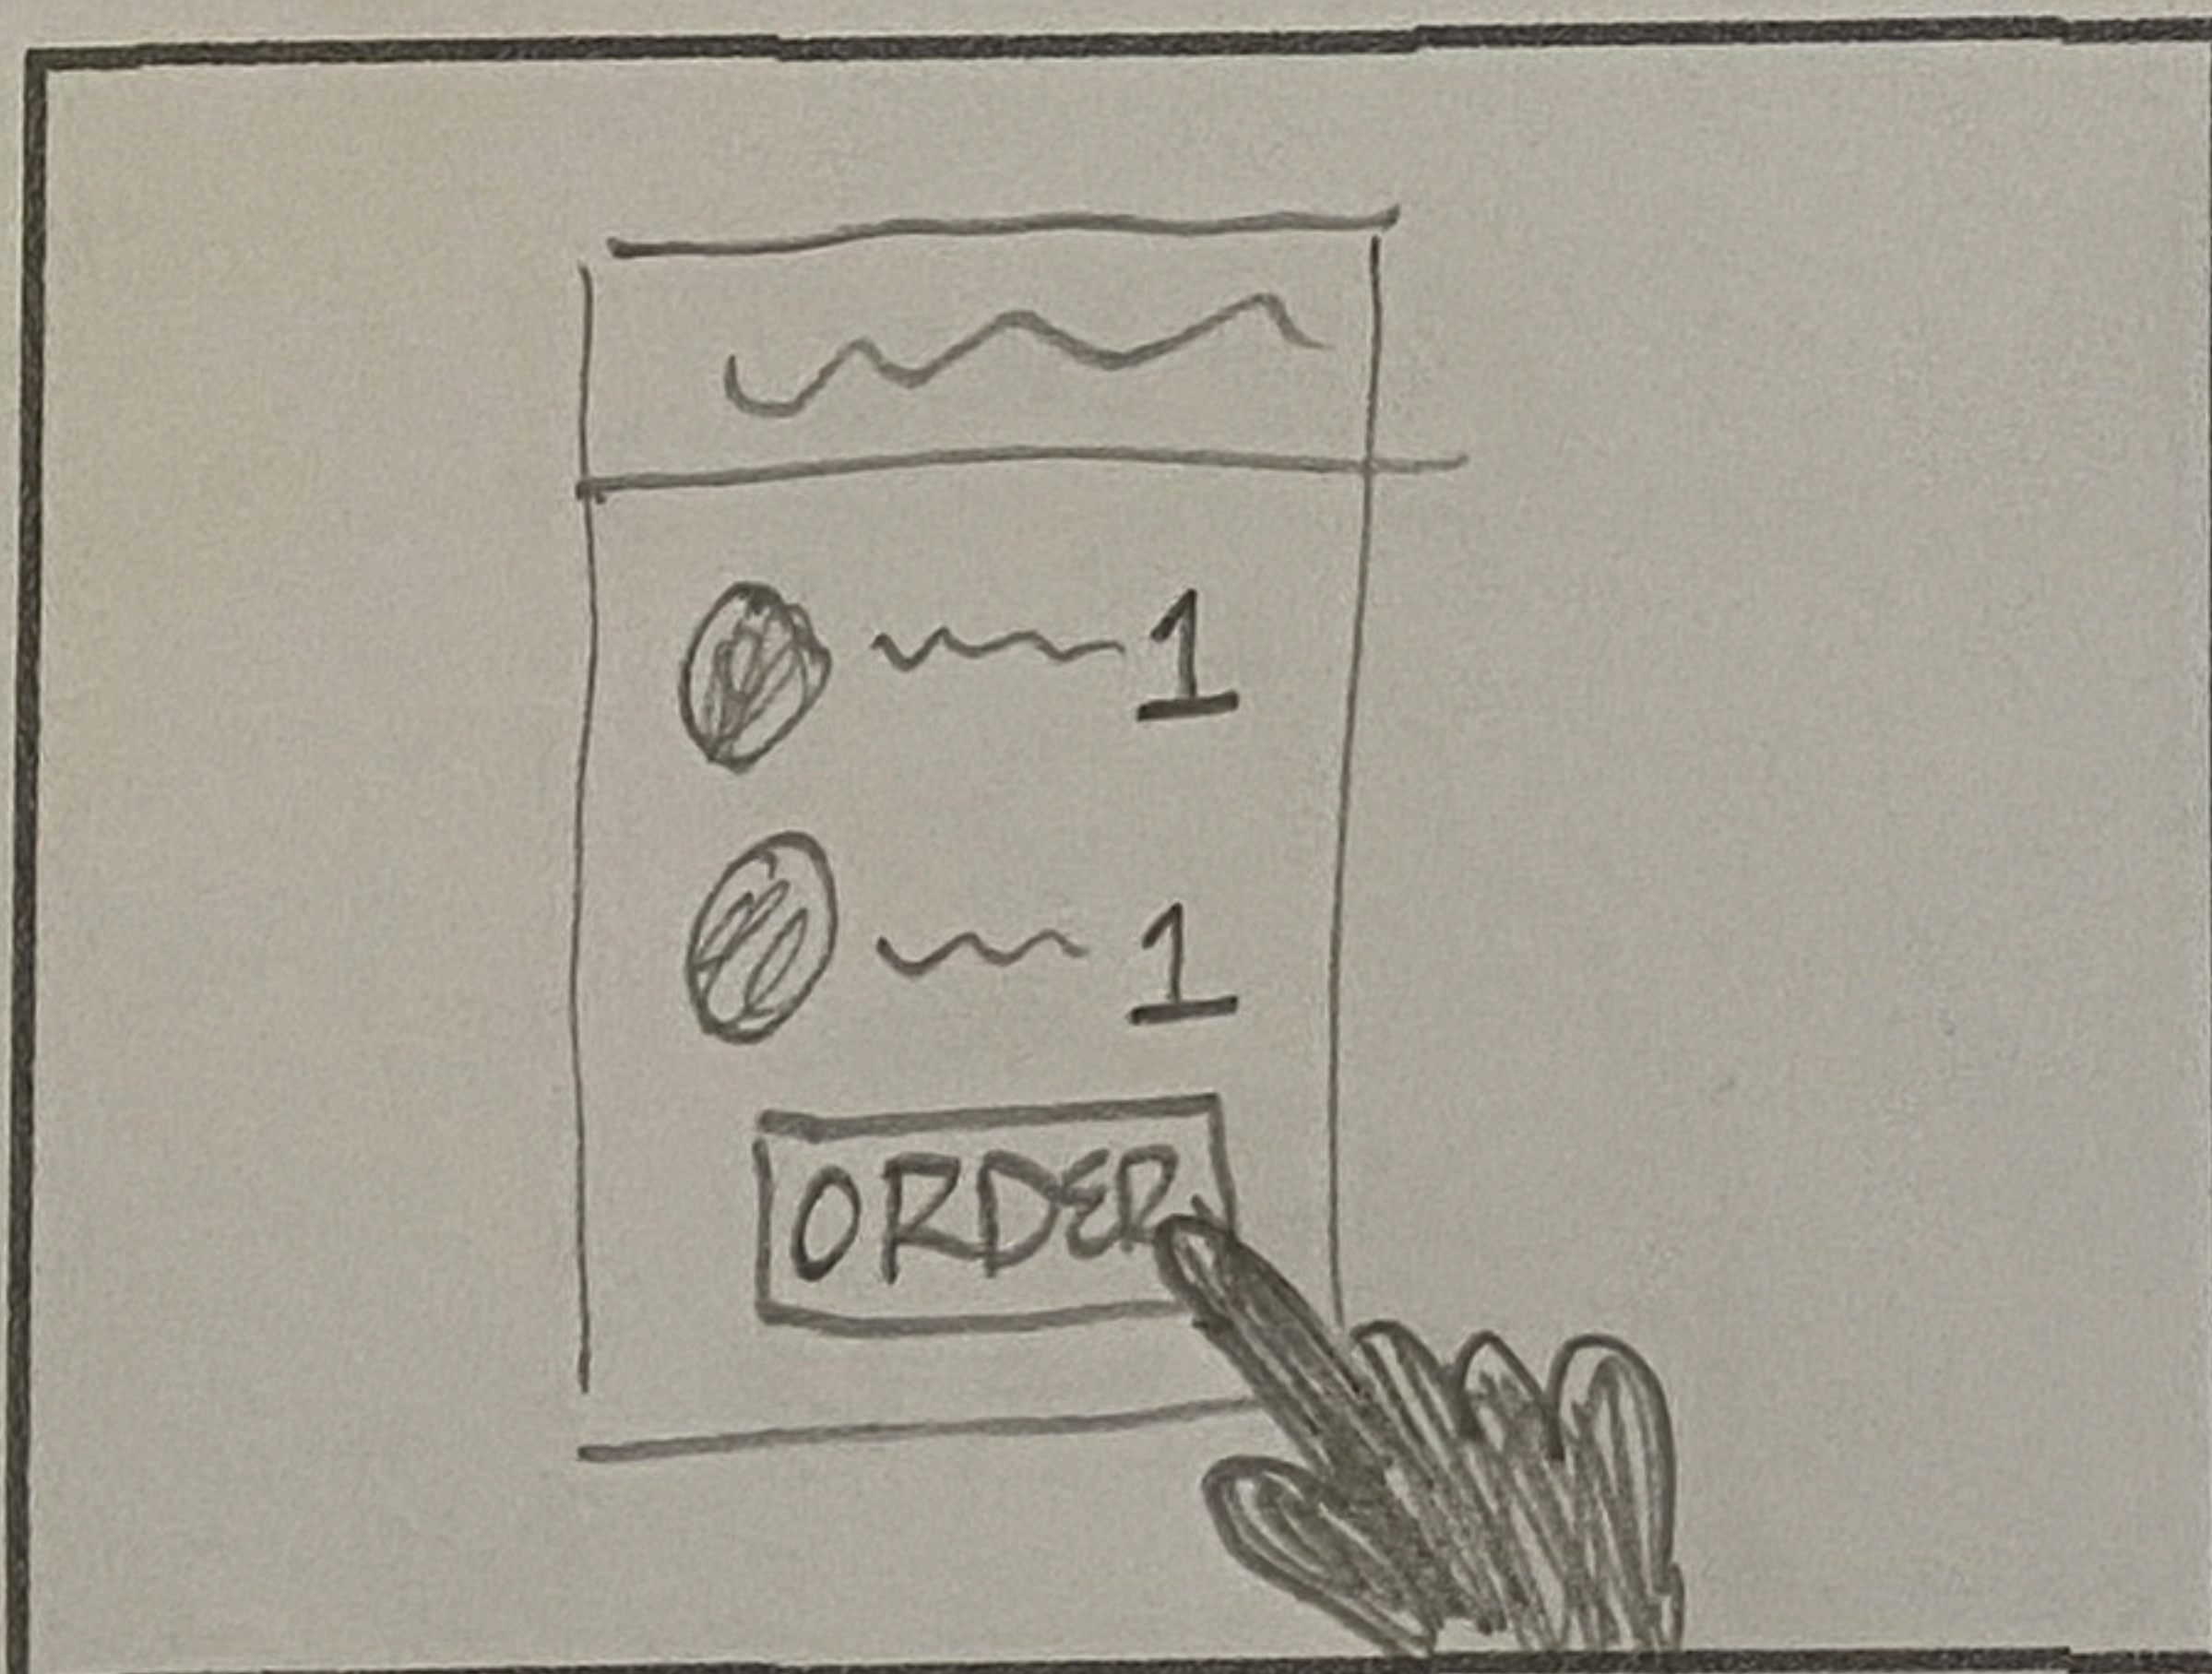

<u>Rachel wants breakfast on her way to work, but the line is too long</u>

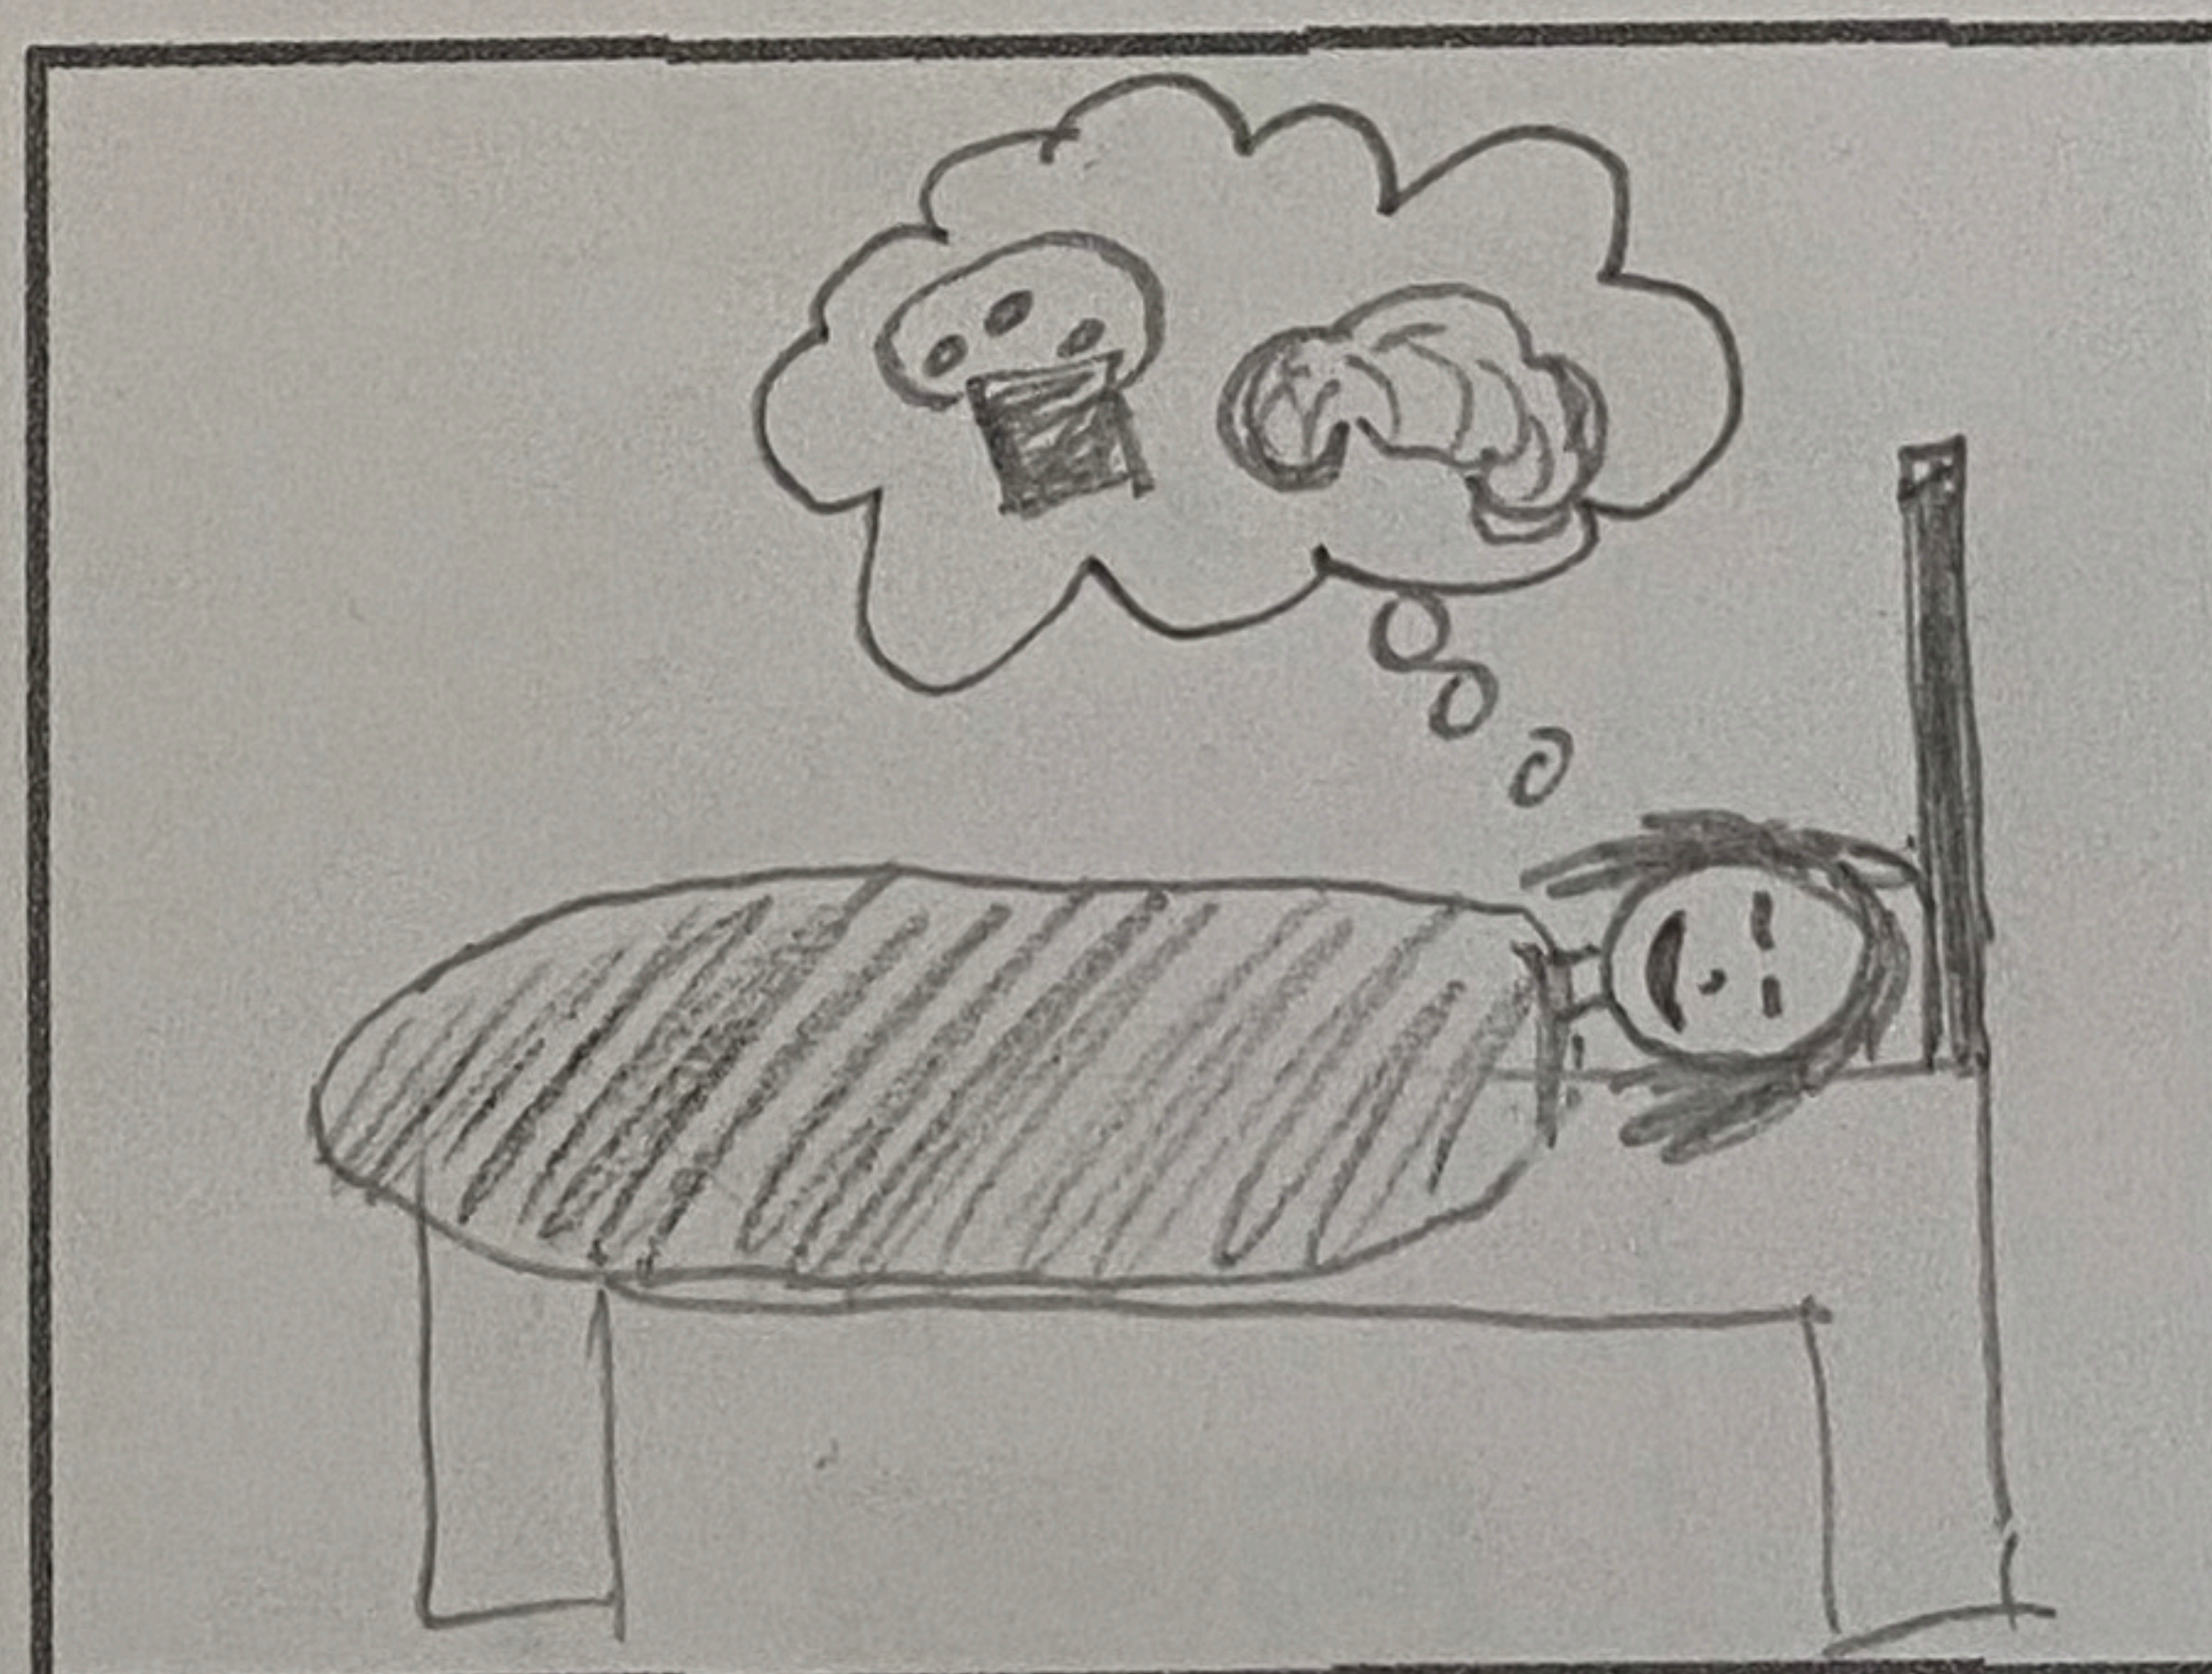

<u>Rachel remembers the app can help</u>

<u>Rachel uses our app to place advanced orders</u>

<u>Rachel selects what she wants to order and sends it in</u>

<u>Rachel goes to sleep happy, knowing her order will be ready</u>

<u>Rachel picks up her order on time and is early for work!</u>
